

A Certainty of Cure is What Every Sick Man Wants

As each patient presents special susceptibilities, idiosyncrasies and peculiarities of make up, no stereotyped treatment will cure them even though they exhibit similar symptoms. The failure of many physicians to take into consideration this important fact is partly responsible for so many failures in medicine, so many so-called incurable diseases, so many millions being thrown away annually for patent nostrums.

Good common sense reasoning is more essential to the successful eradication of disease than all the musty theories that have ever been or ever will be promulgated. Experience the result of many years' practice, careful observation and investigation has enabled us to separate the good from the bad, the true from the false in medicine. We have tested all well known methods of treating Chronic Diseases and selected a combined method the most successful in existence today.

OUR SUCCESS IN THE TREATMENT OF THE FOLLOWING DISEASES HAS BEEN REMARKABLE; WE CURE IN THE SHORTEST TIME AND AT THE LOWEST POSSIBLE COST CONSISTENT WITH GOOD TREATMENT. CATARRH, RUPTURE, SCROFULA, EPILEPSY, NERVOUS DEBILITY, BLOOD POISON, STRICTURE, VARICOCELE, HYDROCELE, CYSTITIS, ENLARGED PROSTATE, RECTAL TROUBLES AND ALL PRIVATE DISEASES AND WEAKNESSES AND THEIR COMPLICATIONS.

ACTIVITY IN REALTY DEALS

Wind Blows Some Good and Deeds for 10 Deals Are Recorded.

"It is an ill wind that blows no one good," once said a wise man, and that the man with the flowing beard and knowledge of human nature was experienced in these things was proved by Tuesday's activity in real estate, following Monday's gale.

Ten deeds were recorded in the office of the county clerk, three building permits were issued, there is another automobile license issued, making the total number of machines now in use in El Paso 436, which indicates that the city is prosperous.

ANTITOXIN TREATMENT For Cure of Consumption vs. Climate.

The following letter was written by Mr. C. P. Wilson of Mesilla Park, New Mexico, who had been afflicted with tuberculosis for fifteen years prior to the time he took the Wright-Duering Antitoxin for the cure of Tuberculosis.

He went from Missouri to New Mexico about seven years ago, where he lived with every advantage possible to one afflicted with tuberculosis, but after being in New Mexico seven years he broke down—had several hemorrhages and again sought relief. Mr. Wilson heard about the Wright-Duering Antitoxin through Rev. Dr. Bird of Laurel, Maryland, who had been cured after searching five different states for climatic aid, and decided to leave Mesilla Park, N. M., and go to where he could get the Antitoxin treatment, which he did and went under treatment on June 4, 1909, and was discharged in August, 1909. Seven months later he writes the following letter. What was done for Mr. Wilson can be done for you.

Mesilla Park, N. M., Oct. 25, 1909. The Wright-Duering Antitoxin Co., Gentlemen—I am writing you this letter to let you know that I am at present feeling better than I have at any time of the year for many years, and I am satisfied that the Wright-Duering Antitoxin for the cure of Tuberculosis has cured me of Pulmonary Tuberculosis.

For about fifteen years prior to June 1909 I was a sufferer from Tuberculosis—for about seven years lived in a well-ventilated tent in one of the most beautiful parts of the southwest. Took the best care of myself, but gradually grew worse. I suffered two or three hemorrhages before I commenced to take your treatment—on June 4, 1909, I was discharged in August cured—after several tests have been made, all of which showed no tubercle bacilli present in my body. I am satisfied that climate alone would not have cured me—I believe I could safely live in any climate now.

While under treatment I talked with several of your patients—they were all well pleased with results obtained. I feel sure that if the simple directions that are given are followed by the patient, the Wright-Duering Antitoxin treatment will cure a large majority of cases of Tuberculosis, especially if used before a large part of the lung tissue has been destroyed.

Yours very truly, C. P. Wilson.

You who are afflicted can not attach too much importance to the various points covered in Mr. Wilson's letter. He was sick a long time; changed climate; was benefited by the change; grew worse again; had hemorrhages; came all the way from New Mexico to St. Louis (from the most favorable to the most unfavorable climate) to get our Antitoxin treatment.

Mr. Wilson's letter is positive evidence that our Antitoxin does what we claim for it.

Can you, who live in the city or near-by country, afford to take any further chances?

We have established offices for the Wright-Duering Antitoxin company in El Paso, San Antonio and Dallas, Texas, for the purpose of demonstrating what our Antitoxin treatment for the cure of Tuberculosis will do under the most favorable climatic conditions. The wisdom of the move has already been shown. The results are more apparent, favorable climate. We have under treatment already many cases that are showing most satisfactory improvement, and will result in cures more readily than those effected in the North where all our demonstrating was done before we opened in the Southwest.

Office hours from 9 a. m. to 4 p. m.; Sundays from 8 a. m. to 10 a. m. for office treatment.

T. M. WINGO SELLS GOUGH BLOCK

Property Brings Advance of \$2000 Within Two Weeks.

A profit of \$2000 in two weeks is going to be made for El Paso real estate. Not more than two weeks ago T. M. Wingo purchased what is known as the Gough block, on the corner of Stanton and Main streets, just off of St. Louis streets, from William Gough, of Los Angeles, for \$17,000. Tuesday the same block was sold by Mr. Wingo to E. Klein for \$19,000. Mr. Klein bought the block as an investment and will make no improvements on it at the present time.

CHICAGO MAN BUYS HOME HERE

C. W. Hale Invests in Highland Property—To Engage in Business.

Outside capital continues to come to El Paso. C. W. Hale, son of a prominent merchant of Chicago, has purchased a house and two lots in Highland Park, which he will occupy as a residence. He will make El Paso his home and will engage in business here. The property was bought from F. M. Miller, through the Lone Star Land company agency.

This company also sold four lots in Payne's subdivision to Mrs. Frances B. Taylor for \$1000, and two lots in block 118, of the Highland Park addition, to A. R. Keizer, for \$400.

FINE COLLECTOR EARLY IS ARRESTED ON WOMAN'S COMPLAINT

Complaint filed by Mrs. S. L. Zoeger, proprietor of a rooming house at 207 1-2 East Overland street, caused the arrest of fine collector Barney Early, Tuesday night and he is having a hearing before justice E. H. Watson this afternoon.

The complaint charges that on March 27 the defendant "did unlawfully, and wilfully use loud and vociferous language, did swear and curse and rudely display a pistol in a public place calculated to disturb the inhabitants of 207 1-2 East Overland street." The warrant was served by deputy constable Henry Hinckley.

Early, discussing his arrest on a charge of disturbing the peace, said this morning: "I had heard that the night clerk in the rooming house at 207 1-2 East Overland street had made several times when I passed there I heard him speaking of me in very uncomplimentary terms and using profanity. The other night I went up there to ask him if he had made the threats. He reached into the drawer for a gun and I covered him with mine."

LIBERATE WAS HERE BUT ONLY HAD HIS HAT BAND

Liberal, the Italian brass band conductor, was in El Paso for a few hours yesterday. As far as is known he did not have his band along, unless it was packed in his trunk. The only visible band was on his hat.

The band master called upon J. G. McNary, but his mission is unknown, as Mr. McNary was not in his office and the visitor did not return.

It may have been that the conductor sought Mr. McNary, who had charge of the musical program at the El Paso fair, with view of seeking an engagement for the second exhibition.

WOMAN WHO ENDED LIFE TO BE BURIED THURSDAY

The body of Mrs. Charles A. Kaufman, who ended her life with a bullet, will be buried in Evergreen cemetery tomorrow. Funeral services will be held at 3 o'clock in the chapel of McBean, Simmons & Carr, Rev. Henry Easter officiating.

The Episcopal rector will not employ the regular funeral rites prescribed by the church, but instead certain general prayers will be said for the dead. Only to this extent is the Episcopal ruling similar to the Roman Catholic stand on death by suicide.

AN ABSENT JUROR IS FINED BY THE JUDGE.

Because he failed to appear on time in the first district court this morning, where he was to serve as one of the jurors in the damage suit of W. R. Taylor against the El Paso Electric Railway company, E. L. Allen was fined \$50.

Allen is proprietor of the Parlor barber shop and Arcade pool hall. The court waited for him until 10 o'clock, and then the hearing of the case proceeded with 11 jurors.

Allen appeared later, but was excused from further service.

DR. SPERRY TO ADDRESS WOMEN AT TRINITY

Tomorrow evening at 7:30 the women of El Paso will have a chance to hear Dr. Lyman B. Sperry, "Woman and Her Problems" will be Dr. Sperry's subject.

All young women over 15 years of age are invited. The meeting will be at Trinity Methodist church in charge of the Young Women's Christian Association.

IT IS TOO LATE

TO LOCK THE BARN AFTER THE HORSE HAS BEEN STOLEN

It is bad business to sign or accept personal bonds. Bad every way you look at it—bad for the friend who signs, bad for the friend asking the favor, and bad for the person accepting such security—it is thrice bad, and for these reasons:

THE MAN WHO SIGNS

Risks his personal assets and his family's welfare and happiness; Creates a lien on his property under the statutes of some of the states, making it unsalable until bond is canceled;

Runs into litigation; As a rule knows little of the manner in which his friend is discharging his trust or preparing to meet the obligations involved, if a lawsuit.

THE MAN ASKING THE FAVOR

May have to return the complement later either by signing his friend's bond or by endorsing his note or advancing him funds;

Does not have the advantage of legal advice which a corporate surety is always prepared to give;

Is generally required to procure two personal sureties instead of one corporate surety, thus doubly obligating himself.

THE MAN ACCEPTING

Is not effectively protected, because the personal surety may die or become insolvent;

Usually cannot investigate the finances and standing of the personal surety, nor assure himself that the latter has good title to the property offered as security;

May suffer because the courts have held that he must satisfy himself that personal surety has not been secured "by fraud, duress or undue advantage";

May sustain loss in excess of the bond. If corporate surety has been demanded the preliminary investigation of the applicant might have revealed conditions suggesting the inadvisability of placing him in a position where he could cause loss.

ONE TWIN DIES; ANOTHER DYING

Five months of life was ended this morning by the death at Yaleta of the child of Mr. and Mrs. Joseph Lowenstein, of that village.

Five months of life, it is feared, will end before sunset tonight. The babies were twins.

And so the father and mother are doubly struck by grief and fear; grief at the loss of one, and fear for the loss of another.

DRIVERS MUST TIE HORSES

Four men have been arrested by the police on charges of not tying their horses. C. N. Loomis was dismissed in police court this morning and J. Harris, W. Williams and R. Arkus will have hearings this afternoon.

Advice to Women

A Message from a Famous Beauty Specialist to Women Lacking in Energy and Vitality.

Thousands of women vainly attempt to improve their complexion and to remove blackheads, crows' feet and other blemishes, through the use of cosmetics. This treatment fails because the trouble lies far deeper than the skin. They are suffering from impure and impoverished blood. This condition is in many cases due to a catarrhal condition of the whole system which finds its expression in shallow, muddy complexion, dark-circled eyes, general weakness of the system, and perhaps most plainly in the weeping of mucous membranes that is commonly called catarrh.

In fact this whole tendency is, properly speaking, Catarrh. Banish this catarrh, and the complexion will clear as if by magic, eyes will brighten, faces become rosy and shoulders erect. Perfect beauty goes only with perfect health, and perfect health for women can only be obtained through one certain treatment—that which will cure catarrh.

Mme. Swift, New York, the famous beauty specialist known throughout the world and an accepted authority on all relating thereto, states that the one system and permanent relief for catarrh is Rexall Mucic-Tone. Here is her letter:

"I can strongly endorse the claims made for Rexall Mucic-Tone as a cure for systemic catarrh. Its tonic effects are remarkable. It builds up the strength and restores vitality. If women who are tired and run down, lacking in energy and vitality, will use Rexall Mucic-Tone, they will praise as I do its strengthening and healing qualities."

Rexall Mucic-Tone works through the blood, acting thus upon the mucous cells—the congestion and inflammation of which causes local catarrh. This remedy causes poison to be expelled from the system, and the blood is purified and revitalized. Thus the natural functions of the mucous cells are restored, and the membranes are cleansed and made strong. We know that Rexall Mucic-Tone does relieve catarrh. We positively guarantee to refund the money paid us for this remedy in every case where the user is dissatisfied. It is a builder of vigorous health and a creator of good complexion. Price 50 cents and \$1.00 per bottle. Mail orders filled. It may be obtained only at our store—The Rexall store, People's Drug store, Kelly & Pollard.

Habits Once Formed Are Difficult to Overcome

Why not form good habits—ones that will be of benefit to you through life—the habit of doing things at the right time, not neglecting from day to day those things that should be attended to at once.

For instance your health should be your first consideration, still there are people who say, "I haven't the time to spare now." They do not realize that a little time spared NOW will probably save them months of suffering and loss of time later.

We treat people from all over this and other states. Our methods of curing CHRONIC DISEASES are known throughout the SOUTHWEST as the SAFEST, SUREST AND MOST EFFECTIVE methods known to mankind.

Read carefully, if you are suffering from any of the following diseases, then write or call for further information regarding our methods. If you will call at our offices you will receive the most courteous treatment, and you are under no obligation to us if you decide not to take our treatment after having a talk with us.
